Building type
Interiors, Hospitality

Location
Pune, India

Site Area
N/A

Project Area
50,000 sf all inclusive

Client
Mr. Aurora

Completion Year
Ongoing since 1991

Design Response: Our partner firm has been providing comprehensive interior design services for this client for over three decades. Through the years we have renovated the entire hotel interiors in phases. We have taken all the suites through 2 rounds of interior upgrades. The conference and seminar facilities have been updated regularly. A roof top pool and relaxation area was implemented a while back. The six restaurants have undergone thematic modifications over time with the décor changing to match the cuisine being provided. The front lobby was renovated almost a decade ago and still appears refreshingly new.
