

Audobon Elementary Pre K

Building type
K-12 PreK Elementary
Location
Chicago IL
Site Area
N/A
Project Area
14,500 sf
Client
Chicago Public Schools
Completion Year
2022-2023
Construction Cost
\$ 6.32 Million

email: contact@csa-partners.com

Design Response: For the Chicago Public Schools we have created a 7 classroom and multi-purpose space Pre K education facility. Our details for picture windows scallops art windows and play areas have proved unusual and unique to the school system framework for classrooms. The project to be completed by August 2022 has undergone partial completion due to Covid related delays.
