

SKM Steel-Corporate Offices

CSA Partners Ltd.
Architects & Urban Designers

Context: SKM Steel has been our client for well over a decade. We have done their corporate offices in numerous cities.

Concept: The aim here is to stylistically achieve a modern English interior. Dark walnut paneling is counterpoint to the bright walls. The furniture has been kept modern accented with large walls of glass. Typical to offices in Asia, workstations tend to be fairly compact to permit larger spaces for conference, seminar, and meeting room facilities.
